

Eascan Automation – Winnipeg, MB
PLC Programmer – Full-Time

Eascan Automation is a Winnipeg based Automation/Electrical company that has been serving Western Canada since 1992 both Commercial and Industrial projects and service. We offer a group benefit plan, excellent wages, and a great working environment. If you would like to be a part of our team and are a self-motivated, honest, hard-working, safety minded person who is looking for long-term employment - please forward your resume.

As **PLC Programmer**, you will be performing wiring, electrical/mechanical maintenance and installation on Eascan's custom designed solutions.

Duties include but are not limited to:

- PLC/HMI (Siemens, Rockwell Automation, Omron, and Schneider) programming and modifications of programs and devices
- Analyze, troubleshoot, replace and install electrical DC controls and AC controls
- Power distribution troubleshooting and electrical installations
- Suggest, design and upgrade existing equipment controls
- Develop, create and keep current all electrical documentation.
- Ethernet I/O troubleshooting and setup
- Equipment electrical safety control installation, repair and troubleshooting
- Mechanical and electrical troubleshooting, diagnosis and repair
- Onsite; electrical installations consisting of commercial/industrial wiring & controls
- Assembly of electrical control systems, including wiring, installation and testing of various systems
- Shop; on-machine wiring & terminations of custom built machines
- Customer service calls (troubleshooting)
- Organizing, ordering & arranging materials for site installations
- Follow and comply with all safety standards including LOTO
- Other duties as assigned

Succeeding as PLC Programmer will require the following core qualifications and skills:

- Valid MB Drivers License

- Bachelor's degree or equivalent in a related field
- Must be comfortable working out of town for duration of the job
- Minimum 5 years experience in the controls trade
- Strong organizational and planning skills and the ability to manage multiple priorities
- License to do electrical work in Manitoba is an asset
